THE WORD 121 STARTER COURSE

You want to share Jesus with people, but what do you say? Wouldn't it be great if God would speak directly to your friend himself? What if there was a tool that made the Bible easier to open in a friendly relaxed, cafe environment?

This course gets you started as a Bible Sharer, using a tool called the Word 121, which walks you and a friend through the Gospel of John. This starter course will convict you to share the Bible, shows you the tool and gives you concrete help in asking people to read with you. Including helpful statistics, video workshops, quizzes and stories, this 3 module course will help you feel confident, prepared and excited to share your faith using the Word 121.

Course Outline

Module 0: How to use this course
